Hamed Azarbad

Metal-resistant microbial communities and their stability to stressors 2014

Relationship between the diversity of soil microbial communities and their resistance to different stressors

Hamed Azarbad

This PhD thesis is the results of research performed at the Jagiellonian University (Krakow-Poland) and VU University Amsterdam (Amsterdam-Netherlands) by **Hamed Azarbad**. His research was performed within the “Environmental stress, population viability and adaptation” project (No. MPD/2009-3/5) and PRELUDIUM Grant of the Polish National Science Center (No, UMO-2012/05/N/NZ8/00925).
